the female heart of an adult is only from eight to ten ounces, and then only about the size of a pear. The extra-ordinary feature of the case is that the heart itself was completely joined to the pericardium or heart case, and this in turn completely fastened to one of the lungs. The ventricle was capable of holding fully a pint of blood. The doctors are puzzled to ascertain how the heart, being fastened in this manner, was able to beat at all. Ordinarily a clot of blood in the heart will cause death, but in this case in the heart were found any number of organized clots—clots which were all the way from the size of the thumb-nail to two way from the size of the thumb-nail to two

Reaten to Death.

Louisville, November II.—Lou. Norris, a woman of the town, died at the City Hospital this morning very suddenly. The doctors suspected foul play and attempted to hold a post mortem, but were prevented by about thirty other women, who collected around and drove them from the hospital. The Foroner and a squad of policemen were summoned and ejected the women by force, and held a post mortem, which developed the fact that she had been beaten to death. An investigation was had, which showed that the beating was done at Woodland Garden Sunday night. No clue as to who did it can be obtained.

The Star Route Cases,

Washikoron, November 11.—Col. W. A. Cook, of the counsel for the Government in the Star route cases, said to-day that the decision of Judge Cox yesterday did not put an end to the case which has been in court the past week. It will, he said, be taken before the grand jury and proceeded with in the regular way. Then a plea as to the statute of limitations will be tested in the court, the grand jury, of course, having nothing to do with that matter.

The new churches in South Bellaire and on Gravel Hill prove great conveniences on rainy or muddy Sundays to all church-goers of whatever denomination.

The Chaple Aid Society, a society in connection with the Second Presbyterian Church, is going to build a neat fence around the Gravel Hill Church at once.

Rev. Wm. S. Thompson, who preached at the First Presbyterian church on Sunday, was a pupil of our Bellaire high school under Prof. Melville's superintendency.

Superintendent H. S. Wilson is engaged in laying a new water main to Gravel Hill. The old wooden main was laid in the road, but that road has since been abandoned, and the pipe now runs under the lots on the west side of Noble street. The new main that is being laid is of iron, and runs up the alley back of those lots. The old main will not be taken from the ground at present.

The first lecture of the series to be given for the benefit of the M. E. Church, was delivered Wednesday evening in the M. E. Church, the prof. J. C. Shea, upon the "Progress of Nations." The exercises were opened by Miss Emma Hamm, with music, after which Rev. A. E. Fortney offered a prayer. The lecture was then introduced and delivered a very interesting and instructive address, lasting one hour and fifteen minutes. At the conclusion of the lecture a poem entitled "The Michigan Sufferers," was read by J. B. Loe. The amouncement was made that the second lecture of the course would be given Wednesday evening. November 23d, by Dr. J. E. Smith, of Wheeling, upon the "Laws of Health."
